Lizbeth® Twirlz®

A Designers Combination of Three Plyed Colors

The Lizbeth Twirlz's thread is a 6-ply Cordonnet, which means two threads are twisted together, then three cords are twisted together for a 6-ply Cordonnet. BEFORE the three cords are twisted together they are dyed three different colors, then twisted together, double mercerized, and gas singed. This gives the Lizbeth Twirlz's thread a unique look never seen in a 6-ply Cordonnet thread.
